IT ADMIN

We moved to cloud services including Microsoft 365® and Box™. Looking for an easy way to move old document workflows to new.

We could implement document scan to Microsoft 365 and Box without a complex system. Sharp MFPs offer built-in features to connect popular cloud storage and email services!
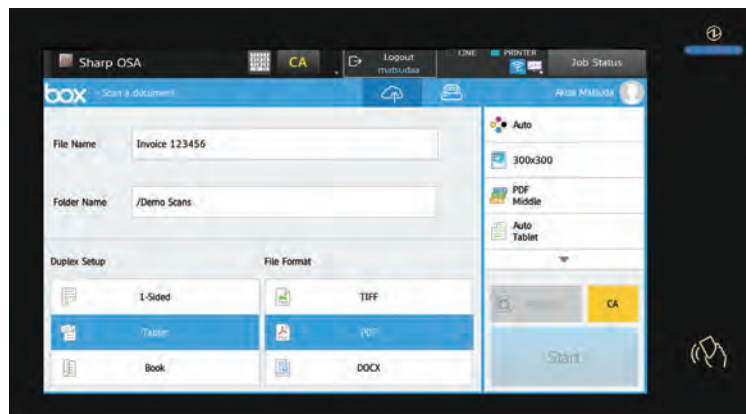

END CUSTOMERS

My organization adopted a cloud document storage service and I want to minimize disruption and changes to existing processes that involve paper documents.

Our new Sharp MFP is easy to use with minimum learning required! Simply login and scan documents to my cloud folders!

ULTIMATE SCAN AND PRINT EXPERIENCE WITH SHARP CLOUD CONNECT AND EMAIL CONNECT FEATURES

Through the Cloud/Email Connect feature on the latest generation of Sharp multifunction products, organizations can seamlessly integrate their paper-based document workflows with popular cloud services. For an optimal user experience, single sign-on is supported. Users can login once and conveniently scan documents or access cloud-stored documents directly from the Sharp MFP while IT administrators maintain full security control.

Intuitive scanning and printing experience

Cloud Connect For:
- OneDrive® for Business
- Microsoft® Teams Connector
- SharePoint Online®
- Google Drive™
- Box Connector (Available through the Sharp Application Portal)
- Dropbox Connector (Available through the Sharp Application Portal)

Security and Convenience with Email Connect Feature
- Scan and send emails from logged in users
- Access to your contact list (Global/Personal)
- Sent history in Outlook® or Gmail clients
- Applies Exchange server rules and security (example: size limit, destination restrictions)

Email Connect For:
- Exchange Server
- Exchange Online/Microsoft 365
- Gmail™ Webmail
